**Carecor Transportation Service**

# Health Care depends on the consistent quality and expertise of Carecor's Transportation Service

Since the mid-1970's, Carecor has been the leader in providing specialized, confidential, dependable delivery services to hundreds of clients including:

- Hospitals
- Multi-site Health Systems and Health Regions
- Long Term Care Facilities
- Community Health Centres
- Home Health Agencies
- Physicians, Dentists, Therapists and other health professionals
- Diagnostic Laboratories and Imaging Centres
- Pharmaceutical Retailers, Manufacturers and Distributors
- Government Health Agencies
- Universities and Colleges

Carecor is respected for its expertise in handling sensitive shipments including:

- Laboratory specimens
- Biohazardous substances
- Pharmaceuticals
- Blood and Blood Products
- X-rays and other Diagnostic Images
- Patient Files and related correspondence
- Medical Equipment, Surgical Instruments, and Supplies
- Home Care Supplies
- Workplace Safety Information
- University and College Library Items

## The Carecor Benchmark

Carecor retains bonded, company-employed staff, using well-maintained, temperature-controlled vehicles, equipped with state of the art communication devices, safety equipment, spills response kits and more.

*A commitment to Delivery Services of the highest quality*
